These Doors In Action

Address: 2339 Simcoe St. North Oshawa, ON  
Contractor: Gay Company Ltd.

Architect: Thomas Brown Architects Inc.  
Completed: June 2016

**Equipment Provided:** 4 – 14'0 x 14'0 Door Engineering – Model FF300 Four Fold Doors w/ Custom Glazing Layout  
**Description:** Designed with respect to the heritage of the area & the legacy of Windfields Farm, one of the most prominent features of the new Oshawa Fire Station #6 are the 4 – FF300 Series Four-Fold Doors provided by Northern Dock Systems Inc. While providing high speed & dependable operation, the custom glazing design fits seamlessly with the agricultural, barn-like design prominent on the facility.
