

Plexiglass Safety Shields

Prevent the Spread of Germs & Viruses

Affordable, permanent or temporary solution to protect your employees

Prevents Cross-Contamination

Protects against the spread of germs and viruses by creating a physical barrier between people.

A Clear View That's Easy to Clean

The 19mm Optixacrylic or polycarbonate sheet is easy to clean and provides a clear and unobstructed view for everyone.

Temporary or Permanent

The lightweight design can easily be taken down and stored but it is durable enough to stay up permanently.

Easy to Install

The free-standing design makes it easy and quick to install.

Custom Built for Your Space

Each order is custom made to ensure a perfect fit for your facilities. Add transaction/pass through cutouts or speak through hardware to suit your needs.

Quick Turnaround Time and Fast Shipping Available

Even though they are made to order, it is quick to cut out your custom design and to get it installed at your location since they are locally made in Canada.

A Solution Perfect for:

- ✓ Check-in tables
- ✓ Receptions
- ✓ Common areas
- ✓ Lunchrooms
- ✓ Pharmacies
- ✓ Cashiers
